

## May 2018 District Newsletter

As we approach the end of this school year, I would like to take this opportunity to congratulate our graduates on their accomplishments and thank them for their commitment to excellence here at Wittenberg-Birnamwood. It has truly been a pleasure watching this group over the past several years grow into capable young adults that are prepared for success in whatever their chosen interests are. The leadership they have demonstrated in all areas of the school experience has been a positive example for our underclassman to follow and continue forward. On behalf of the district staff, I wish to congratulate all of our Senior students on their accomplishments, and I wish all of them great success in their future. Whatever they aspire for, Wittenberg-Birnamwood will always be home and proud of the good and hardworking people they become. Finally, thank you to the parents, families and friends of our graduates for the support and guidance you have provided to each of them along this journey. Wishing you all the best as you enter another exciting chapter in your lives!
