

District Newsletter- September 2018

Dear Wittenberg-Birnamwood District Residents,

I am excited to share that we have scheduled a number of presentations throughout the district during September and October to provide our residents with all the information you need to know regarding our upcoming referendum vote scheduled for Tuesday, November 6th. I strongly encourage anyone wishing to know more about the referendum process, projects, how it will impact the tax roll, and how it will benefit our communities to please take the time to attend one of our scheduled town hall meetings and district information nights listed below. As these are your community schools, we want you to be informed and equipped as much as possible to make an educated decision come November. All information related to the referendum vote will also be posted on our district website beginning the first week of September. Thank you for your support and I look forward to seeing you at one of our many scheduled events!

Sincerely,
Garrett Rogowski
