B. Academic Eligibility

1. High School

A high school student becomes ineligible for participation if he/she receives one or more failing grades at the end of each grade check and grading period.

Grade Periods: Final 1st and 2nd semester reported grades

Ineligibility applies to WIAA rules which shall be for a minimum of 15 consecutive school days and nights at the end of 1st and 2nd semester. When the earliest allowed WIAA game/meet/district event takes place before the first day of classes, the maximum ineligibility period shall be the lesser of: a) 21 consecutive calendar days beginning with the date of the earliest allowed competition in a sport; or b) one third of the maximum number of games/meets allowed in a sport (rounded up if one-third results in a fraction). A student must be passing all classes at the end of this 15-day / 21-day period to become eligible again for participation. Another academic check will take place 15 days after the first academic check takes place into the quarter. The student must again be passing all his/her classes to remain eligible for the remaining time in this grading period. Eligibility is regained on the school day following the period of ineligibility.

Grade Checks: Scheduled for the 1st day of every month with the exception of February 1st (see above)

Ineligibility applies until the 15th of each month, at which time, the student must be passing all classes in order to participate. Eligibility will be reinstated on the 16th day of the month if passing all classes. If students are not passing all classes on the 15th, ineligibility will remain until the next grade check.

If a student receives an incomplete (I) at the end of a marking period, that student will become ineligible for contests until the incomplete becomes a passing grade. A student must carry no less than three credits per semester. Students must take the initiative to demonstrate to the athletic director or school administration that he/she is eligible.

2. Middle School

A middle school student becomes ineligible for participation if he/she receives one or more failing grades at the end of a two week grading period. The two week grading period will begin the first day of the sport season. The middle school secretaries will send out a grade check, and the teachers will respond via email and let the coaches know that day. The student must be passing all of his/her classes to remain eligible after the two week span.

A. Athletes will be expected to attend all practices and home events during this two week period.

B. Athletes and their parents are expected to check Skyward regularly to make sure all work is handed in promptly and completed successfully.

If a student receives an incomplete (I) at the end of a marking period, that student will become ineligible for contests until the incomplete becomes a passing grade.

C. Equipment

Co-curricular participants are responsible for any uniforms and/or equipment issued to them. Each co-curricular participant is financially responsible for all lost, damaged (through negligence), or unreturned items issued by school officials in that student's name. Students will not be allowed to participate, practice, or compete in another sport/activity until he/she has returned or paid for all uniforms and equipment that was issued to them in a previous season.

D. Transportation

Students may ride home with a parent/guardian if the parent/guardian signs the travel release waiver confirming alternate transportation arrangements in writing. Due Process

Due process recognizes the rights of the individual, since it outlines their recourse in the event he/she feels the wrong decision regarding guilt or innocence was made.

After a ruling of ineligibility resulting in a suspension from co-curricular activities has been made, a student and his/her parent(s)/guardian(s) may formally appeal the decision, in writing, to the Activities Director provided an appeal is received within ten school days from the first day ineligibility takes effect. The appeal can only challenge the guilt or innocence of the student, not the consequence.

The Activities Director, within three school days of receipt of such written appeal, shall formalize the ineligibility decision in writing, and send a letter to the parents and principal outlining specific details. Upon receipt of the appeal, the Principal shall establish a hearing before the Board of Review within five school days.

If the student or parent(s) is/are not satisfied with the decision of the first hearing, a second hearing may be requested before the Board of Education. The District Administrator must receive in writing, a request for such a second hearing before the Board of Education within fourteen (14) days of the mailing of the outcome of the Board of Review's decision. The hearing will take place in Executive Session at the School Board's next regularly scheduled meeting.

If the student and parents remain dissatisfied, they may appeal the decision, in writing, to the Executive Director of the WIAA within fourteen (14) days of the mailing of the outcome of the second hearing.

Note: Students remain ineligible to participate in contests during the appeal process.

Board of Review

The Board of Review will consist of five members. The committee representatives will be established by the Principal. The membership will include: the Activities Director, three head coaches/advisors, and one non-coaching teacher. (Coaches/Advisors in the co-curricular activity the student is currently participating in may not sit on the Board of Review.)
