

## Lesson 8: Review

- Sit up straight, feet flat on the floor.
- Feel for the dot on the F key with your left index finger.
- Feel for the dot on the J key with your right index finger.
- Line up your other fingers on the home row keys.
- Keep your RIGHT hand in position on the home row. Your pinky will be used for the enter key.
- You will use your RIGHT thumb on the space bar.
- **Listen to your teacher say the keys...then chant the letters back aloud as you key them in on your keyboard. Get into the group rhythm. If you make a mistake...don't try to back up and correct---Keep going. Get your fingers set, and continue with the next set of letters.**
- **TEACHERS: Feel free to make up your own letter combinations. If students have difficulty, you will hear their audible response falter...repeat that letter combination a few times, slow down the rhythmic pace.**
